## TEAM ANALYSIS REPORT

**TEAM LEADER: Barbara Sample**

**Quality Control Team**

**This report has four sections:**

- Section I – *Team Balance Table*** – a visual representation of the distribution of the 12 factors essential for team success, indicating your team’s strengths and where the team may be lacking.
- Section II – *Overall Team Balance*** – Lists of factors that are (1) well represented and (2) not well represented on your team. Characteristics missing from your team are described to increase your awareness of possible problems.
- Section III – *Behavioral Factors*** – This section describes the characteristics of team members and suggests considerations for leading the team.
- Section IV – *Team Leader Action Summary*** – This summary provides a convenient point of reference to remind you which team members have strengths you can call on as you lead the team to the successful attainment of its purpose.

---

The ability of a team to work effectively is greatly influenced by the compatibility of the team members. While any team can adjust to accommodate compatibility issues, the fewer the adjustments, the more efficiently the team will function. In managing a team, the more data available to help understand the characteristics of the Team Leader and the Team Members, the more focused the management of that team.

---

**NOTE: These results provide an important contribution to the team management process; however, decisions should not be made based exclusively on these results.**
